

Refrigerator Door

...Some IMPORTANT things to keep in front of your family this week

We are learning about
navigating the Bible
today

BOTTOM LINE

You gotta see it
for yourself.

Today ...

we're focusing on an important
"faith skill": how to navigate the
Bible. Kids may find some of it
hard to understand. They may
think of it as boring, no fun, good-
le-goodie, preachy. But quite the
opposite is true! There is some
wild and amazing stuff in there:
you gotta see for yourself!

This week ...

Challenge your kids to
tell you about some
wild and interesting
stories they heard
today from the Bible—
and what they mean.

TALK ABOUT IT

Talk about these questions
as a family on your way
home or during a meal.

Kid's Question

What is your favorite "wild
story" from the Bible?

Parent's Question

What is the most incredible
story you've heard
from the Bible?

Bonus Question
Have you ever been
surprised that something
really was in the Bible?
If so, what was it?
